PGY-1 Pharmacy Residency Program

CommonSpirit – Memorial Hospital

Serving the Chattanooga community for more than 65 years and strengthened as part of CommonSpirit, Memorial Hospital offers a continuum of care including preventative, primary and acute hospital care, as well as cardiac, cancer, orthopedic, imaging, bariatric, general surgery, and a multitude of other services. Memorial Hospital is a regional referral center of choice with more than 4,600 associates and more than 650 affiliated physicians providing health care throughout Southeast Tennessee and North Georgia.

Memorial Hospital Pharmacy Residency

Memorial Hospital pharmacists practice in an innovative environment and are valuable members of the health care team.

- Pharmacists are decentralized with a presence in the emergency department, all ICUs and all medical floors.
- The pharmacy is equipped with advanced technology along with systems that promote safe and effective medication use.
- Pharmacists hold advanced degrees, residency training, board certification, and years of distribution and management experience.

Raising the Bar

This is a 12-month, ASHP-accredited, PGY1 pharmacy residency offered by Memorial Hospital in Chattanooga, Tennessee. This residency program is designed to prepare pharmacists for advanced level practice at a community-based hospital. Residents, supported on every side with a multidisciplinary healthcare team, are responsible and accountable for the provision and oversight of evidence-based, patient centered medication-related outcomes. Residents also develop a strong foundation in pharmacotherapy, operational and practice management skills.

Program Purpose and Competency Areas

PGY1 pharmacy residency programs build on Doctor of Pharmacy (Pharm.D.) education and contributes to the development of clinical pharmacists capable for medication-related care of patients with a wide range of conditions. PGY1 pharmacy residents are eligible for board certification and for postgraduate year two (PGY2) pharmacy residency training. Upon completion of this 12-month residency, residents will be able to demonstrate competency in the following areas:

- Patient Care
- Advancing Practice and Improving Patient Care
- Leadership and Management
- Teaching, Education and Dissemination of Knowledge
- Pharmacy Research

Resident Activities

Resident activities include but are not limited to:

- In-services for staff and patients
- Multi-disciplinary rounds
- Precepting
- Major research project (present at SERC)
- ASHP mid-year poster presentation
- TSHP meeting poster presentation
- CE presentations
- P&T Committee participation
- MUE and new drug reviews
- Community involvement

Staffing Requirements

- Every fourth weekend and one evening per week
- One major holiday: Thanksgiving, Christmas or New Year's Day

Benefits

- Travel allowance to ASHP Midyear and SERC
- Four weeks paid vacation
- Medical, dental, vision, and life insurance
- Discounted meals
- Free parking
- Opportunity to moonlight within department
- ACLS certification
- Office space
