

Stay ahead of cancer.

Annual screenings can help detect cancer early,
when it's most treatable.

Colorectal Cancer Screening
Generally starts at age 45.

Breast & Cervical Cancer Screening
Regular screenings are recommended for women.

Prostate Cancer Screening
Recommended around ages 45–50 based on risk factors.

Skin Cancer Checks
Especially important with sun exposure and changing moles.

Lung Cancer Screening
Recommended for current or former heavy smokers.

Stay active. Stay informed. Stay screened.
Schedule your annual cancer screening today.
